

BIDAYA Quranic Arabic Technique

We would like you (and/or teachers involved in teaching Al Qaeda books) to review Bidaya Curriculum سلسلة البداية and facts about the NEW EXCITING Approach to reading, memorizing and understanding the Holy Quran to youngsters:

Bidaya Quranic Curriculum where:

- It focuses on understanding while memorizing (hifz), which speedup progress
- It takes the current Qaeda to the next level, it has:
 1. Textbook which is the classroom main book
 2. Reading book where with many new words and examples
 3. Workbook to strengthen hifz by writing
 4. Teacher book that allows regular volunteer to teach with help of website, webinars, videos, etc., NO need for CERTIFICATION and long dedicated training of teachers
 5. A set of large posters where each book lesson is enlarged
 6. Flash cards to strengthen visual effects
- It uses hand gesture symbols to ease the understanding of “Harakat”
- It uses many more related WORDS and EXAMPLES in general. Also, the students can use the Reading book to study new words and examples on their own to strengthen their understanding and comprehension rather than memorizing
- Other helping tools are available like **YouTube videos, Webinars, Facebook Page,** and mobile apps
- Created and authored by Sheikh Ahmad AlSheikhi who spent the 20+ years in this field
- Schools/teachers who attended author’s USA seminars this past July switched to Bidaya by placing significant orders for the new school year.
